INTRODUCTION

Section I

ENGINEER AND SCIENTIST (E&S) CAREER PROGRAM

E&S Career Program Objective	2
Technical Career Path	2
Managerial Career Path	2
Goals and Personal Career Planning	3
Performance and Training	3
Career Opportunities and Choices	3
Engineer-in-Training (EIT) Program	3
EIT Coordinator	3
Technical Career Path	4
Managerial Career Path	4
Reality Checks	4
Standards and Qualities	6
Education, Training and Experience	6
Total Army Performance Evaluation System (TAPES)	6
Qualities of Technical or Managerial Professional	7
Technical	7
Managerial	7
Considerations for Career Progression	8
Mentor/Mentoring	8
Flexibility and Mobility	9
Details, Development and Rotational Assignments	9
Professional Engineer Registration	9
Employee Notes and/or Questions	10

Section II

BASIC CAREER DEVELOPMENT PLANNING

Career Development/Preparation Individual Development plan	12
Knowledge, Skills and Abilities	12
Individual Development Plan (IDP)	12
Career Counseling Responsibilities	13
Career Counseling by Supervisors and Managers	13
Career Management System	14
Career Management System Responsibilities	14
Lines of Communication in E&S Career Program	14
Career Development Coordination	14
Responsibility for Career Development Coordination	14
Career Development Counseling, Performance Problems	15
Career Training and Development Activities and Resources	15
Career Training and Development Activities	15
Career Training and Education Resources	17
Training Office	17

Career Training Needs and Requirements	18
Training Requirements	18
Employee Responsibilities in/for Career Development	19
Employee Training and Development	19
Career Progression	20
Stages of Career Program	20
Employee Notes and/or Questions	20
